Interesting French words or phrases

This year your teacher will sometimes read French stories in class.

These stories are enjoyed by French children, and we hope you will enjoy hearing them, too.

Sometimes you might have opportunities to look at the books quietly by yourself or with a friend.

In this Reading Diary you can keep a record of the stories that have been read to you, by writing down the title and the name of the author.

The comments section is for you to talk about something you liked in the story. For example you might comment on something funny, strange, interesting or exciting.

The box at the foot of the page is for you to copy down any words or phrases which you find interesting.

On the blank page you can draw a favourite character or scene from the story.
